Important events: Collection de L'Art Brut Lausanne at RIERA STUDIO | Art Brut Project Cuba

Last month we received at RIERA STUDIO | Art Brut Project Cuba, the very important visit of Sarah Lombardi, director of the Collection de L'Art Brut Lausanne; as well as Donato Mottini, president of the Association des Amis de L'Art Brut. Also joined the group, Luc Chessex, photographer and Silvia Mancini, director of the Institut Religions Cultures Modernité at The University of Lausanne. We had the opportunity to share with all the visitors our experiences in these five years of working in the promotion of Art Brut and Outsider Art made by Cuban artists. Thanks to the Collection de L'Art Brut Lausanne for their positive references to our studio and for acknowledging our work.

RIERA STUDIO is a Cuban space for exhibitions, reflection and artistic dialogue that recognizes and studies the different dynamics of the peripheral development of art and society. Art Brut Project Cuba, created by RIERA STUDIO, is the only Cuban-based initiative that supports and promotes Art Brut and Outsider Art
